Recipe for: SOTA's Low Carb Chicken & Veggie Zoodles

INGREDIENTS:

(SERVES 2)

1 tablespoon coconut oil

2 cups broccoli

½ yellow onion

1 lb (16 oz.) cooked chicken breasts or turkey

1 cup coconut milk or coconut cream

1 tablespoon green curry paste

1 tablespoon peanut butter

salt and pepper

2 tablespoons salted peanuts, for decoration

INSTRUCTIONS:

Peel the onion and cut into thin, uneven wedges. Peel the lower part of the broccoli stem with a potato peeler or a small sharp knife. Cut into thin rods lengthwise so that the florets and the stem are still joined together. Heat a generous amount of oil in wok pan or a sauté pan. Sauté broccoli and onion on high heat while stirring for a few minutes. It's ok if it gets a little brown here and there – will give a nice flavor – but the vegetables should still be crispy. Salt and pepper. Slice or dice the chicken meat and add to the pan. Add coconut milk, curry paste and peanut butter and stir. Let simmer for a few minutes to make the flavors come out. Salt to taste. Add the peanuts just before serving! Serve with zoodles.
