HEARTY SOTA SLOW COOKER BEEF STEW

Recipe makes 5, 6oz servings. Freeze in individual serving for later use.

INGREDIENTS

2 lbs. stewing beef

3 Tbsp avocado oil

2 cups water

½ cup bell peppers, chopped

2 cup mushrooms, quartered (1, 8oz pack)

2 stalks celery, chopped

1 large zucchini, chopped

4 garlic cloves, minced

2 Tbsp soy sauce

2 tsp sea salt

1 ½ tsp black pepper

1 tsp garlic powder

1 Tbsp onion powder

1 tsp dried oregano

DIRECTIONS

1. In a large skillet over medium heat, sear the beef in avocado oil, browning on both sides. Transfer to slow cooker.
2. Add all other ingredients to pot.
    - **Slow Cooker**: Cook on low for 6-8 hours.
    - **Pressure cooker:** Cook on high for 35 minutes with vent closed. Allow pressure to naturally release for 10 minutes, then quick release any remaining pressure.
3. Once cooking is finished take lid off and cook without the lid for 5-10 min as the stew begins to thicken. Stop cooking at your desired thickness. Serve over SOTA approved veggies and enjoy.
