SOTA's Cauliflower Tabbouleh Salad

Recipe makes approximately 5 cups of vegetables

Ingredients:

- 1 head of cauliflower
- 4 cups parsley leaves
- 1 ½ cups mint leaves
- ½ cup scallions, chopped
- 2 tsp garlic, minced
- ¾ cup ripe tomato, finely chopped
- 1 cup cucumber, finely chopped
- ½ tsp salt
- 3 Tbsp lemon juice
- 4 Tbsp extra virgin olive oil

Instructions:

- Cut a small head of cauliflower into florets and place them in a food processor. Pulse until they are broken down into a fine powdery consistency (much finer than cauliflower rice). Transfer to a bowl.
- Add the parsley, mint, garlic and scallions to the food processor and pulse until everything is broken down into small bits. Transfer to the bowl with the cauliflower.
- Add the chopped tomatoes and cucumber to the bowl. Season with salt, add the lemon juice and extra virgin olive oil. Leave the salad to sit for 10-15 minutes before serving.
