SOTA's Creamy Cauliflower Mash

Recipe makes 4 cups of vegetables

Ingredients:

- 4 cups cauliflower
- 4 Tbsp heavy whipping cream
- 1-2 Tbsp *Kerry Gold* butter
- 1 Tbsp parsley
- 1 Tbsp garlic powder
- Black pepper and sea salt, to taste

Directions:

- Grate the cauliflower on a cheese grater using the bigger set of holes or divide it into smaller florets and chop in a food processor until rice sized. (If using a food processor, process a few florets at a time.)
- Pour the heavy cream and garlic powder into a pan and stir in the riced cauliflower. Let simmer for 10-15 minutes or until the cauliflower is fork tender and the heavy cream has cooked into the cauliflower.
- Season with parsley, salt, and pepper.
- Serve with butter on top and enjoy!
