SOTA's Garlic-Rosemary Butter

Recipe will count toward your healthy fats

Ingredients:

- ½ cup (1 stick) *Kerry Gold* butter, at room temperature (the large *Kerry Gold* bars are 2 sticks, so cut that big one in half)
- 1 Tbsp fresh rosemary, finely chopped or 1 tsp dried rosemary
- 2 tsp fresh garlic, minced or pressed
- ½ tsp sea salt

Directions:

- Let the butter set out and come to room temperature.
- Blend (or mix vigorously with a spoon) the butter, rosemary, garlic and sea salt until smooth and creamy.
- For easy slicing, shape the butter into a log and roll up in wax paper or plastic wrap.
- Store in the refrigerator for up to 1 month.

Pro Tip:

➔ Use this butter on your meat and vegetables. Butter should be consumed in moderation.
