SOTA's Favorite Lemon Pepper Chicken Thighs

Recipe makes approximately 3, 6oz dinner protein servings

Ingredients:

- 6 boneless, skinless chicken thighs (approximately 18oz)
- 2 ½ Tbsp fresh lemon juice (the juice from about 1 whole lemon)
- 1 ½ tsp black pepper
- 1 tsp smoked paprika
- 1 tsp garlic powder
- ½ tsp dried oregano

Directions:

- Add the chicken thighs and lemon juice to a bowl and mix together to coat the chicken. Then add in the spices, stirring to evenly coat the chicken thighs. You can also use your hands to rub it into the chicken. Marinate for 30 minutes.
- Pre heat your air fryer to 400 degrees. Place the chicken thighs in one layer in the air fryer. You may need to do this in two batches if your air fryer basket isn't large enough to not crowd the thighs.
- Cook on 400 degrees for 12 minutes, flipping halfway through.
- Remove and serve with desired vegetable side.
- Enjoy!
